03rd October 2023

DEFERRED PLACEMENT POLICY OF SRM UNIVERSITY - AP

OBJECTIVES:

The objectives of this policy are,

- To encourage students to participate in the university entrepreneurship program.
- To allow students to execute their ideas without worrying about the job opportunity.
- To secure a student's career in case their entrepreneurship venture takes time to succeed.
- To show students an alternative career option and work on their ideas without any hurdles.

ELIGIBILITY:

- a) The deferred placement opportunity will be given only to potential budding student entrepreneurs who have participated in pre-incubation programme of the university and intend to venture into a start-up business in the Hatchlab Research Centre, the university incubator.
- b) The policy will exclusively apply to registered full-time students of SRM AP
- c) Students must have consistently maintained a minimum CGPA of 6.00 throughout their academic journey, without any backlogs or year gaps.
- d) Recommendation by the respective Dean of School and the Directorate of Innovation and Entrepreneurship based on the complete assessment of the start-up business by the student.

APPLICABILITY:

- a) The deferred placement opportunity will be available to the student for a period of two years from the date of graduation. The student can avail this opportunity within two years of graduation (Example students graduating in the year 2023, can register for placement any time before May 2024 to appear for the placement season of that year ending in June 2024.

- b) Deferred Placement is a facility extended for promising start-ups led by students and assist students to secure job opportunities and is not a job guarantee.
- c) Students should register with the Directorate of Corporate Relations and Career Services within two years after the graduation. (Example: i.e., Entrepreneurship students passing out in 2022 June, can register for placement any time before 2024 May and opportunities will be given till 2024 June.)
- d) Students registering for deferred placements with the Directorate of Corporate Relations and Career Services will have to go through the same selection process as specified in the University Placement Policy.
- e) Students will be provided with a job opportunity based on the company's requirement and a student can attend a maximum of 5 recruitment processes.
- f) Eligible Students can also participate in international placement drives.
- g) Students cannot skip any process post application/shortlisting or reject any offers. In such a case, the student will be blocked from further opportunities.
- h) Once the student is placed in any company, he/she cannot apply for any further placement process.

Providing incorrect information/ withholding information from the Directorate of Corporate Relations and Career Services will result in the cancellation of registration of students and may lead to a disciplinary action.

PROCESS:

- i) The eligible student entrepreneur will submit the application duly recommended by the HOD/Dean of School for deferred placement to the Directorate of Corporate Relations and Career Services (CRCS) on a prescribed form along with all relevant documents pertaining to the start-up business.
- j) The request of the student will be evaluated by the Deferred Placement Committee constituted by the Vice Chancellor. The constitution of the committee will be as follows,
 - Nominee of Vice Chancellor, Chairperson
 - Dean of respective School
 - Assoc Dean, Academic Industry Relations, and Professional Internships
 - Assoc Director, CRCS

- CEO of Incubator
- Assoc Director, IE, Convenor

k) The Deferred Placement Committee will recommend the cases based upon the merit.

In case of any violation of rules/misconduct on part of the student, all decisions taken by the Directorate of Corporate Relations and Career Services would be final and will not be revoked under any circumstances. The decision of the Directorate of Corporate Relations and Career Services is final and binding on all students availing deferred placements.
