

SRM UNIVERSITY - AP, ANDHRA PRADESH

SRMAP/Reg. Off/Notification/44/2023-24

06th September 2023

NOTIFICATION

Sub: Notifications of Policy on Credits for Community Engagement & Social Responsibility and Co-Curricular Activities - Reg

The undersigned is directed to convey that the competent authority of the University has been pleased to announce the following Policy on Credits for Community Engagement & Social Responsibility and Co-Curricular Activities.

Policy on Credits for Community Engagement & Social Responsibility and Co-Curricular Activities

Preamble

SRM University AP strives to nurture and produce ethical leaders who are both skilled and knowledgeable. The university's mission is to impart life skills to the students so that they develop capabilities to lead organizations to success. A successful leader should be able to inspire team spirit within himself/herself and among his/her team members. Together with this, a leader should have good communication and organizational skills and should be able to appreciate cultural niceties of all regions and develop a positive attitude. While academics impart the necessary knowledge, many leadership qualities are imbued through sports, cultural and other co-curricular activities to form a truly well-rounded personality.

The aim of awarding credits to students for their participation in community services, sports and co-curricular activities is to encourage students and motivate them to come out of their comfort zone and participate in different activities. This would also increase engagement amongst the students and would encourage a positive atmosphere on the campus. To implement this, it is mandatory for students to register for community services & social responsibilities and co-curricular activities as a course according to his/her interest in the 1st semester. The student is allowed to change co-curricular activities only once at the end of the 1st semester. This course will start from the 3rd semester and span over 4 semesters. The student will earn a total of 4 credits by 6th Semester which will be reflected in 6th semester grade sheet. Course registration, evaluation process and community engagement & social responsibilities and co-curricular activities are elucidated in following sections:

- A. Course registration
- B. Evaluation process
- C. Community engagement & social responsibilities
- D. Co-curricular activities

A. Course registration

A student should register for the club membership of his/her interest that falls under the following two categories:

- 1) Community Engagement & Social Responsibility
- 2) Co-Curricular Activities

It is mandatory for a student to register for one activity from each of the above-mentioned categories, where they can earn points based on the level of participation in the activities within that chosen course.

Guidelines for course selection

- 1) There is a broad range of Community Engagement & Social Responsibility and Co-Curricular Activities at SRM University. A student must choose at least one course each from community engagement & social responsibility and co-curricular activities according to his/her interest in the first semester.
- 2) While a student is permitted to take membership of two clubs in each category, he would be able to choose only one club from each category for the purpose of earning credits. S/he would be able to earn credits in the chosen club by being involved in all the events that come under that club as an active member.
- 3) A first-come-first-serve basis would be followed while registering students for each course.
- 4) The number of enrolled students in each sports club (NSO) should not exceed 200. However, other clubs can define their own intake of students.

Guidelines for change in course

- a) A student will be permitted to change his/her choice of activity only after the completion of the first year. However, a student may change sports selected in NSO after 1st semester with the consent of Faculty Advisor for the club.
- b) In case of change in course at the end of semester, points earned by the student in afore club will be considered for earning the credit.

B. Evaluation process:

Course evaluation will be done based on the students' performances in the events participated. A student can earn points for community engagement & social responsibilities and co-curricular activities or independent community service activities by participating in various intra-university/ inter-university/ national

/international level events every semester, in the activities within their chosen course. The maximum number of points to be considered per semester will be 100. The points matrix for various activities is defined as follows:

Point Matrix for Community engagement & social responsibilities

S.No.	Description	Points
1	Activities	
	Participation in Linking learning with community service	20
	Participation in Linking research with community knowledge:	20
	Participation in Knowledge sharing and knowledge mobilization	20
	Participation in Social innovations by students	30
	Participation in community service activities organized independently by any registered NGO or under government approved scheme and does not come under NSS	10
	Volunteer in any of the university level event	5
	Organizing committee member in university level event	10
2	Convener	30
3	Co-convener and Executive Members	15

Point Matrix for NSS

S.No.	Description	Points
1	Activities	
	Attended NSS recognized camps such as the National integration camp, National "Yuva Utsav", National Motivation Camps etc.	50
	Attended any NSS recognized state level camps such as State integration camp, State youth leadership camp, State adventure camp etc.	25
	Participated in SRM Camps	20
	Participated in Blood Donation Camps, Polio Camp, Rallies (Environment Day, Swachh Bharat etc.)	5
	Participated in NSS athletic meets	10
2	Attendance	
	96%-100%	50

5	Convener of the club	50
6	Co-convener and Executive Members	15

Guidelines for the information flow regarding participation and achievements for award of the credit

- A student will maintain a record for the work/activities/events engaged in and approved by the Faculty Advisor for the club where the student has worked/participated in. The student will submit an approved/valid document as proof of the activity to the faculty advisor to get considered for awarding points and appropriate grade.
- The faculty advisor will award points to the student as per the university policy. At the end of semester, the faculty advisor will submit the compiled report along with the necessary evidence of participation to the Chief Club Advisor (CCA). The compiled report will be verified and forwarded to the Professor-in-charge (Student Affairs) (PIC(SA)) in the Directorate of Student Affairs (DSA).
- For any participation in centrally organized activities at university level, the Student Council Executive Committee will

obtain details of participation of students from the organizing committee and submit to DSA who will then award points to the students as per the university policy.

- d) All NSO club achievements and participation information by the registered students would be collected by the Directorate of Sports in consultation with the Sports Council and they would then award the points for each student. This information with supporting documents will be submitted to the CCA by the Directorate of Sports. CCA will submit the compiled and verified report to PIC(SA).
- a) At the end of every semester, DSA will validate the points earned by the students and the supporting documents. DSA will compile a report for the points earned by students and submit it to the Controller of Examinations for further processing of credits to the concerned students.
- b) The PIC (SA) will share the details of registration for co-curricular or community service activities of each student with the Controller of Examinations.
- c) The club faculty advisor should submit monthly reports on the achievements/participation/ performance of the club to the CCA.
- d) Any changes in the chosen course by a student after the first year will also be shared with the CCA and Controller of Examinations.
- e) On receiving the points for community engagement & social responsibility and co-curricular activities at the end of sixth semester, the Controller of Examinations will award grades as sent by PIC (SA) after grade moderation, per the tables given below:

Points	Grade
Above 90	O
80 - 90	A+
70 - 80	A
60-70	B+
50-60	B
35- 50	C+
Less than 35	C

C. Club Activities: There is a wide array of clubs which conducts activities for the students in various domains. A student can participate in any of the following

according to his/her choice. Suggested activities under community engagement & social responsibilities and co-curricular activities are as follows:

I) Community engagement & social responsibilities: A student can involve himself/herself by participating in various community service events or independently volunteered activities. Suggested forms of community engagement & social responsibilities are:

- a) **Linking learning with community service:** This can be achieved through the model of 'service-learning', providing engagement opportunities to students from various disciplines and courses to apply their knowledge to address the challenges of a specific community. For example, students of chemistry can conduct water and soil testing in local areas and share the results with the local community.
- b) **Linking research with community knowledge:** In this approach, Community-based Participatory Research (CBPR) i.e., interdisciplinary research projects in partnership with the communities and local agencies can be taken up by the students. The research by students helps them to complete their academic requirements, and at the same time the community's knowledge is systematized. Students of engineering, for example, can undertake research in partnership with the community on solid and liquid waste disposal.
- c) **Knowledge sharing and knowledge mobilization:** The knowledge available with students and faculty members in various disciplines is made available to the local community to realize its developmental aspirations, secure its entitlements, and access its benefits from various agencies and schemes. These can take the forms of enumerations, surveys, awareness camps and campaigns, training, learning manuals/films, maps, study reports, public hearings, policy briefs, cleanliness and hygiene teachings, legal aid clinics, etc. For example, students can undertake a 'swachhta survekshana' and/or nutrition survey for mothers and children and educate them about hygiene and nutrition.
- d) **Social innovations by students:** students can initiate learning projects with a social impact. Incubation of such social innovation projects by students can also have meaningful links to existing curriculum and courses. Some competitions for social innovation can be organized.
- e) **National Service Scheme (NSS):** NSS is an Indian government sponsored public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India. Aimed at developing student's personality through community service, NSS is a voluntary association of young people in University, Universities and at +2 level working for a

nm4

campus community. Students can take part in this on the campus and can earn points at different levels.

- i Types of Camps: annual camps or special camps, regular camps
- ii Activities that students can participate in health camps, afforestation, awareness rallies, cleaning, etc.

f) Any Other Community Service Activity: Students may participate in any other community service events or activities that are organized independently or those that do not come under the ones mentioned above. They may also work as student volunteers in any of the events organized in the University.

The above-mentioned activities are suggestive and not limited. A student can involve himself/herself in social activities according to his/her choice. The student, however, must make sure that he/she informs the faculty advisor for the club in advance in writing with proper proof or evidence that would back up his/her participation in such events to earn points accordingly.

II) Co-curricular Activities: These include being an integral part in club meetings, taking part in club events and workshops etc.

- i Intra-University Events (independent): The events that come under club activities also fall under this category. However, a student is given opportunities to participate in many independently organized intra university cultural events.
- ii Inter- University Events: A student can represent the university in any of the fields of interest under the cultural domain in any inter-university fests, competitions etc.

Annexure - I

Clubs at SRM University, AP are classified into following two broad categories:

1. Community Engagement & Social Responsibility

- a) NSS
- b) Environment Club
- c) Knowledge Sharing & Mobilization (KSKM)
- d) Social Innovation
- e) Community-based Participatory Research (CBPR)
- f) Community Service

2. Co-Curricular Activities

- a) NCC
- b) NSO
- c) Self-Development Clubs
- d) Academic and Professional Clubs
- e) Arts and Cultures Clubs
- f) Communication and Critical Thinking Clubs

Definition of the categories

National Service Scheme (NSS): NSS is a Central Sector Scheme of Government of India, Ministry of Youth Affairs & Sports. It provides opportunity to the student youth of Graduate & Postgraduate at colleges and University level of India to take part in various Government led community service activities & programmes. The primary objective of developing the personality and character of the student youth through voluntary community service. 'Education through Service' is the purpose of the NSS.

Environment Club: This club aims at bringing the awareness about the surroundings and the ecology. The activities through this club will create interest among the students in understanding the importance of taking care of the nature and sustain it at the same time.

National Cadet Corps (NCC): NCC is a youth development movement. It has enormous potential for nation building. The NCC provides opportunities to the youth of the country for their all-round development with a sense of Duty, Commitment, Dedication, Discipline and Moral Values so that they become able leaders and useful citizens. The NCC provides exposure to the cadets in a wide range of activities, with a distinct emphasis on Social Services, Discipline and Adventure Training. The NCC is open to all regular students at schools and

colleges on a voluntary basis. The students have no liability for active military service.

National Sports Organization (NSO): Sports and Athletics are essential for the holistic development of the students. They boost alertness and mental ability, impart the idea of discipline and team spirit, and improve students' confidence and concentration level. Sport and Athletics are equally important as lectures, discussions and debates are for young minds and bodies.

Self-Development Clubs: one of the significant imperatives of the modern competitive world. Students need to constantly strive for their overall improvement and growth. The current situation demands that we not only provide traditional forms of methods but also new technologies to the students for their self-development. Wellness Club includes those clubs that are focused on Self-development through physical activities and psychological awareness. Whereas those clubs which are focused on self-growth through games and e-sports have been merged into Self-development through gaming club.

Academic and Professional Clubs: Current technologically driven world demands individuals with sound technological knowledge which can only be imparted through practical activities. These clubs directly contribute towards the students' technical and professional skills. There are ten clubs within the category of Academic and Professional

Arts and Cultures Clubs: Students' involvement in the activities related to art and culture fosters a sense of appreciation and respect in students for diverse cultures in multi-cultural space. With opportunities for learning, unlearning, understanding, and improving their communication with others, it facilitates a space for strengthening a strong sense of student community along with harnessing their creativity. Performative Arts, which are performance based. Creative Production involves the clubs that produce the arts in various forms like Photos, Films, and documentaries. And Creative Art club that intends to provide members to explore and develop their artistic abilities and express themselves in various art forms.

Communication and Critical Thinking Clubs: Moving beyond the normalized idea of rote learning, effective communication and questioning are important approaches to academic life. With the aim to nurture such a culture, streamlining activities to enhance students' critical faculties to be able to engage in discussions would contribute immensely to their personality development. Communication and Critical Thinking Clubs (CCT Clubs) and History and heritage club. The History and heritage club is specific to the discipline of history where the club intends to develop cumulative skills in students and researchers for interpreting and analysing the rich cultural past.

SRM University AP has a wide range of clubs to encourage and provide ample opportunities for students' participation in community engagement & social responsibilities and co-curricular activities. List of clubs at SRM University AP is provided in the following table:
